

Dear Sirs: I currently listen to K-LOVE on 91.1 FM. It is a positive, uplifting, encouraging station that encourages my faith, a vital part of my daily life. I understand there is a possibility that the FM translator it is broadcast on could be overridden with LPFM, and we might no longer be able to get K-LOVE. This would be a bad idea... Here in Denver, many people listen to this station, which definitely improves our state of mind; makes us friendlier and kinder to each other; and encourages the good side of life. Considering the negativity that the FCC allows over the tv airwaves - and some radio airwaves, it seems both right and prudent that the positive, good, encouraging love-your-neighbor side of the coin - the way we're SUPPOSED to live - is given AT LEAST equal opportunity to affect our lives and our communities. It can only make this world, and this country a better place to live. Thank you for your time, and thank you, in advance, for making the RIGHT decision.

Sincerely,
Robin Curtis
